Editorial Comment

LET'S NOT WASTE TIME!

Many issues and challenges that face Porterville in the future will require study and discussion, but one issue can be taken care of without delay.

Expense money for city councilmen can be put on an accountable basis.

By action of the present city council at the beginning of the 1969-70 fiscal year, councilmen were given a flat \$50 per month and the mayor a flat \$100 per month (in addition to other expense money) without any accountability.

Councilmen Jim Hanson and Bill Benson did not accept this money. The other three councilmen did.

Concerning the issue of whether city councilmen should receive expense money without accounting for it, all three of the newly elected city councilmen committed themselves on this point during their campaign.

Gilbert Yniguez said, "I think expense money should be accounted for." Larry Cotta said, "I will account for all of my expenses. I'll turn in my chits . . . I would vote to rescind it." (The present policy of no accountability) Aubrey M. Lumley said, "Every dime spent on behalf of the city must be accounted for . . . Yes, I would attempt to change it (the present policy) immediately."

Of the two holdover councilmen, it is reasonable to believe that Jim Hanson would vote to rescind the present council policy and make councilmen account for the expense money they receive; Dr. Richard Spencer has been a strong advocate of the present policy, so could be expected to favor continuation of payment of unaccounted expense money.

On the basis of campaign statements by newly-elected city councilmen, and on the basis of stands taken in the past by hold-over councilmen, the city expense account policy can be straightened out easily.

This should be done, immediately.

REPORT TO THE PEOPLE

BY ASSEMBLYMAN GORDON DUFFY

Shortly the Assembly Committee on Health and Welfare will undertake a serious study of welfare legislation which has been proposed by lawmakers this year.

I certainly feel that growing criticism of California's welfare program is valid. The program, with its \$1.5 billion has not been adequately taking care of some of its needy. On the other hand, we have been actually wasting some of the taxpayer's dollars in providing welfare programs.

As the Chairman of the newly formed Committee on Health and Welfare, it is my intention to move forward and to sponsor legislation within the next year which will make extreme and important changes in the way we dispense welfare in California.

One area which needs improvement is the use of the social worker. Social workers in California are currently caught up in a paper work blizzard. There are literally hundreds of different types of forms which they are required to fill out and much of their time is being spent in bureaucracy and administration rather than actively helping the welfare recipient become better adjusted and better able to get off the welfare rolls.

There are other areas where we intend to encourage legislation. A recent staff report on welfare is now under study by my Committee. It is our intention to see what we can do to separate the administration of

the permanently disabled categories from that of the aid to dependent children and temporarily disabled.

Permanently disabled categories include those who are blind and physically disabled and have no possibility of recovering from their handicap. Also included in this category should be the aged pensioners.

Those classes of recipients should be separated from the aid to dependent children, temporarily disabled and those in temporary need of some relief. These categories, theoretically, at least, are temporarily on the welfare rolls.

This will be the major area which we will be attacking immediately and in working with other committees come up with a plan for employment and rehabilitation where a number of those temporarily on welfare can be returned to gainful employment.

I would hope also that the federal government will be amenable toward increasing their role in insuring that all states have exactly the same standards for welfare distribution so that there will be no incentive for the poor from other states to come to California because we have a higher payment standard than other states. I am introducing a resolution shortly calling on Congress to establish uniform standards.

I feel also that the federal government should allow us more freedom to try innovative

programs so that we can adequately control the very alarming increase in welfare expenditures.

My Committee is also expected to consider a proposal offered by the Tulare County Welfare Advisory committee concerning a six-point welfare reform program.

I commend this group for their interest in welfare reform which would include changes of concept in welfare payments, adapting welfare programs to local needs, family fiscal responsibility and other important areas which certainly should be considered by the Legislature.

These, then, are some of the issues confronting California today in the field of welfare. Working together on a bipartisan basis, I hope that the Legislature can come up with meaningful programs — aiding those in while placing those who are able into employment, thereby reducing the cost of welfare to you, the taxpayer.

COUNTY TAXES DUE APRIL 10

VISALIA - Tulare County Tax Collector J. A. Janelli reminded taxpayers that the second installment of county taxes is now due and will become delinquent if not paid by April 10. This date is not to be confused with the federal and state income tax deadline of April 15.

Mail payments must be postmarked April 10 to avoid a 6% penalty and a cost charge of \$3.00 per parcel.

People who have recently purchased property should check their escrow papers to assure themselves that the second installment of taxes has been paid. Many sales of property are completed 'subject to taxes' and the new owner must ask for a tax bill.

Pre-rodeo entertainment each day will be presented by Doc Small and his medicine show. On April 12, Bob Wiley, Tulare county sheriff and former top-ranked professional calf roper, will present trophies to winners in the 10 divisions of the Springville rodeo parade.

The parade is scheduled as

the opening event of the rodeo weekend, moving through the Springville business section at 10 a.m., April 12. Trophies will go to three places in each division; all parade participants will receive gate passes for the April 12 rodeo performance.

Home-operated concession stands serving food and drinks, will operate throughout the two-day rodeo; new concession facilities have been constructed on the grounds; parking area is being put in top shape for convenience of rodeo fans.

DO YOUR TEEN-AGERS UNDERSTAND YOU?

Today many teen-agers feel that anyone over the age of 30 simply doesn't know. Rebellion sometimes seems to him to be the only way of life — the only answer.

Irresponsibility and rebellion aren't the only way of life for the teen-ager.

What is important to him as a way of life? Isn't it a deep desire to search for Truth — for meaning in his own life?

This is why young people like the Christian Science Sunday School. They get a chance to think for themselves, and to dig deep for ideas they can prove and use. They find out who they are and why they are here.

Above all, they discover the solid basis for freedom in obedience to God. This helps them understand you! Your teen-agers are welcome at our Sunday School, any Sunday morning.

Valencias Coming On For Export Market

VISALIA - Valencia oranges are beginning to test, and picking for export will be getting underway soon, according to weekly report from Elvin O. Mankins, County Agricultural commissioner. Harvest of Navel oranges is "moving at a good clip," it is reported.

Heavy bloom is reported in deciduous orchards; English walnuts and grape vines are leafing out; early-planted tomatoes are above the white caps; squash, peppers and tomatoes continue to go in around the county; planting of spring potatoes is continuing.

Dry and warm weather has started small grains, and most fields now have good color, however fields that were badly flooded will produce only a light to fair crop.

Fall-planted sugar beets have been cultivated, weeded and thinned, and growth is good in most fields; beet planting is underway again; corn is also being planted, and cotton fields are being prepared for planting.

Some alfalfa and barley is being green chopped; wild oats are looking good and hay crop should be good.

Direct seeding of processing tomatoes is underway in the San Joaquin valley.

From Daybell Nursery

By John

This being Easter week we must extol the virtues of Easter Lilies, hydrangeas, mums, azaleas, and camellias which we have in bloom. These are the traditional Easter gifts and come recommended by years of significant history. They may not be appreciated as much as a bottle of stout but they are in keeping with the day. We suspect that at some time the grog was traditional instead but too many people saw rabbits running around laying eggs in plastic grass nests and they had to change to flowers.

On second thought maybe it's the flower children's fault that Easter eggs are supposedly distributed by rabbits. In which case we should return to the grog. All this may seem sacrilegious but when you consider all the commercialization that surrounds religious holidays a little levity may be in keeping. If nothing else you should consider the day and ponder a little on the strange ways of our world.

We will be closed Easter Sunday so that we may picnic with our family as well as ponder a little on our own. We hope you have a Happy Easter and return to the world Monday renewed in spirit and ready for the world. Meanwhile stop by for a pretty plant to brighten the Sunday table.

Wild Turkeys Released In Tulare County

SACRAMENTO - California's 1969 wild turkey stocking program, boosted by an unexpected bonanza of 239 wild turkeys from Texas, is off to a good start with the release of 296 birds.

The Department of Fish and Game reports that the Texas Parks and Wildlife department furnished 239 wild-trapped Rio Grande turkeys. California and Texas have been exchanging birds in recent years, but the large number was unexpected. The DFG will ship Texas wild pheasants, Indian chukars, and mountain quail later this year to complete the exchange.

Texas sent 222 hens and 17 toms, a little short of male birds, so DFG biologists trapped more wild birds in San Diego and San

There's reason to feel secure when your well-saved money is steadily earning 5% interest in the plan that suits you best. At Bank of America you can choose from several basic savings plans, any one of which may be just right for you. Take a look at these:

5% Investors Passbook Account

\$500 will get this one started, and additional deposits can be made in amounts of \$100 or more. Your 5% interest is compounded quarterly. You can make a withdrawal quarterly, too. Or leave your funds where they are to accumulate.

5% Time Certificate of Deposit

Bank of America Time Certificates also earn 5% annual interest. These certificates are issued for \$1000 or more. They mature every 6 months. The 5% interest can be credited automatically to your savings account. Then your total annual rate of return can exceed 5%.

5% Five Year Guaranteed Certificate of Deposit

This is the long term interest guarantee plan.

Certificates are issued for a minimum of \$1000. Five year guaranteed interest at 5% per year paid or credited quarterly. You may withdraw the full amount at the end of any quarter without loss of interest to that date.

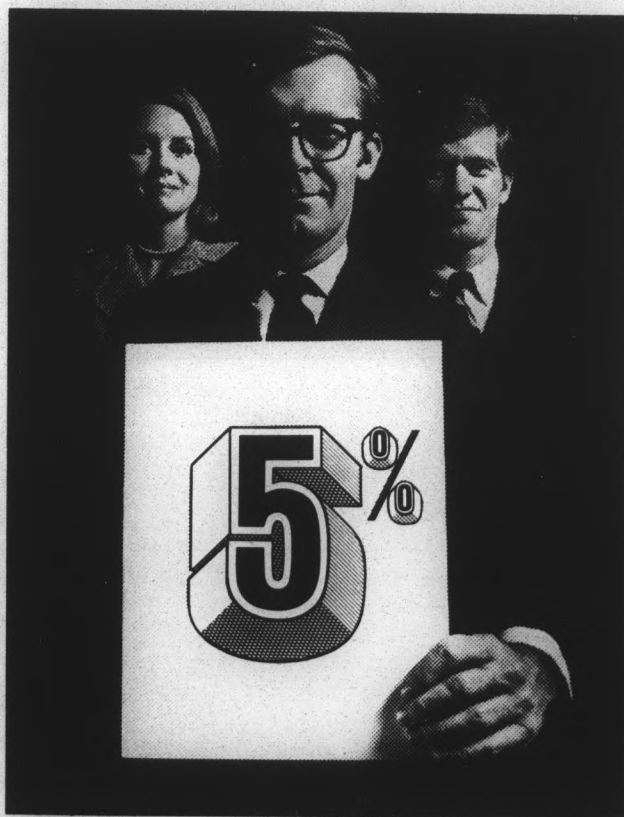

Regular 4% Savings Account

This is still the favorite plan of many because it's convenient, flexible, and at 4% it delivers the maximum interest allowed by law for this type of savings plan. You are free to put money in - any amount. And take it out - all or any part of it - at any time. Deposits made by the tenth of each quarter earn interest from the first of that month.

These are just four of our Personal Choice Savings plans to help your money grow with absolute certainty, and with full interest all the way. So why don't you stop by your local Bank of America branch and take your choice.

BEATTY HEADS EASTER SEAL DRIVE IN AREA

PORTERVILLE - Appointment of Richard D. Beatty as chairman of the 1969 Easter Seal campaign in the Porterville area was announced this week by the Tulare County Easter Seal society.

Beatty is one of 17 community leaders named to direct 1969 fund-raising efforts throughout Tulare county to finance the local Easter Seal organization's services to crippled children and adults.

He is assistant manager of Security Pacific National bank; he, his wife, and two children have lived in Porterville for 3 years; he is at present a member of the Exchange club of Porterville and the Knights of Columbus.

County-wide chairman of the campaign is Thomas P. Boyer, of Visalia. Boyer will coordinate the work of an estimated 300 volunteers scheduled to participate in the drive.

WRITE-IN CANDIDATE MUST ALSO FILE

VISALIA - Write-in candidates for position of school trustee must file a write-in declaration of candidacy, or their write-in votes will not be counted, according to Max Cochran, Tulare County Superintendent of schools. Recent change in the state election code establishes this procedure. Write-in declaration forms can be obtained at the office of the county department of education, room 202, county courthouse, Visalia. Deadline is April 10.

Senator Way Possibly May Head The Senate

SACRAMENTO - With Dist. Attorney John Nejedly winning a special State Senate election last week in Contra Costa county, there is a possibility that Senator Howard Way may become president pro tem of the State Senate.

It could work out like this: Election of Nejedly, a Republican, gives Republicans in the State Senate a 21-19 vote advantage. Hugh Burns, Democrat, speaker pro tem for several years, has been in hot water for several months because of conflict of interest charges, however, he had the votes to hold his post.

Now, however, he does not have the votes, provided Senate Republicans can get together behind one man. Two other Senators are being mentioned as possible president pro tem candidates, however, it looks now as if Senator Way, who challenged Burns in the last session and lost his agriculture committee chairmanship as a

FARM LABOR VEHICLE INSPECTION SET FOR APRIL 16 BY THE HIGHWAY PATROL

PORTERVILLE - Farm labor vehicles will be inspected by the California Highway Patrol in Porterville on April 16, between 1 p.m. and 3 p.m., with check point to be set up at old highway 65 and highway 190.

Farm labor vehicles operated by members of farm organizations, by farm labor contractors, and by other farmers who wish to participate, will be inspected.

Warnings, not citations, will be issued during the inspections. Violations discovered when the vehicle is in service on the road, however, can result in a citation. When a vehicle is brought into compliance, windshield stickers will be issued.

Covered by the inspection will be: seating facilities, safety equipment, and mechanical equipment, such as brakes, steering mechanism and lights.

The inspection date is set up for the convenience of operators

of farm labor vehicles, and farmers, enabling them to have their vehicles inspected, and if necessary, repairs made before the spring and summer agricultural season gets into full swing.

The California Highway Patrol has the responsibility for inspection of farm labor vehicles to determine that they conform with safety and equipment standards of the California Vehicle code, the California Administrative code, and the

Federal Safety standards.

The Patrol has conducted voluntary group inspections in past years, but as a part of its effort to maximize surveillance of farm labor vehicles in 1969, in the interest of public safety, it is scheduling a greater number of such inspections than previously.

Additionally, the Patrol is making an increased effort to include in the activity any farm labor vehicles which have not previously participated in the inspections.

BULL RUN BOB

(Continued From Page 1)

Rumor has it that Bull Run is searching for a lost nugget that was entrusted to his keeping, but which may have fallen into the hands of certain undesirable characters along the Tule. Neither Bull Run or Sharpington will deny or confirm this rumor.

It is known, however, that the nugget was on display in a certain Emigrant trail resort for a short period of time, then vanished. Members of Doc Small's Medicine show, who were at Whiskey Flat in February when the nugget disappeared, are prime suspects in the case, however, they deny any knowledge as to the whereabouts of the valuable nugget.

Reliable reports indicate that both Bull Run and Sharpington are heavily armed and will stop at nothing to recover the nugget, since citizens of Whiskey Flat have invited them to be the honored guests at a lynching if the nugget is not returned.

RODEO ROYALTY

(Continued From Page 1)

The Porterville rodeo this year is being produced by the Porterville Rodeo association, composed of representatives of the Orange Belt Saddle club and the Porterville Junior chamber of commerce.

Saddle club members making up the association are: Larry Southard, John Emery and Dolph Smith; junior chamber representatives are Fred Church, Vern Onstine and Bert Lawrence.

Southard, a former professional rodeo performer, is chairman of the association.

Licensed drivers 65 years of age or older, have a lower traffic accident ration than the ratio of the total driving population.

ATTEMPTING TO cross the Sierra in time to catch the Jackass Mail for Springville are Bull Run Bob, mayor of Whiskey Flat, and his campaign manager, Asbury Ettner Sharpington. They are holding the Bull Run Bob nugget that appears to have been hoisted, and that is rumored to be in the hands of certain undesirable characters somewhere along the Tule river.

NEW MAYOR?

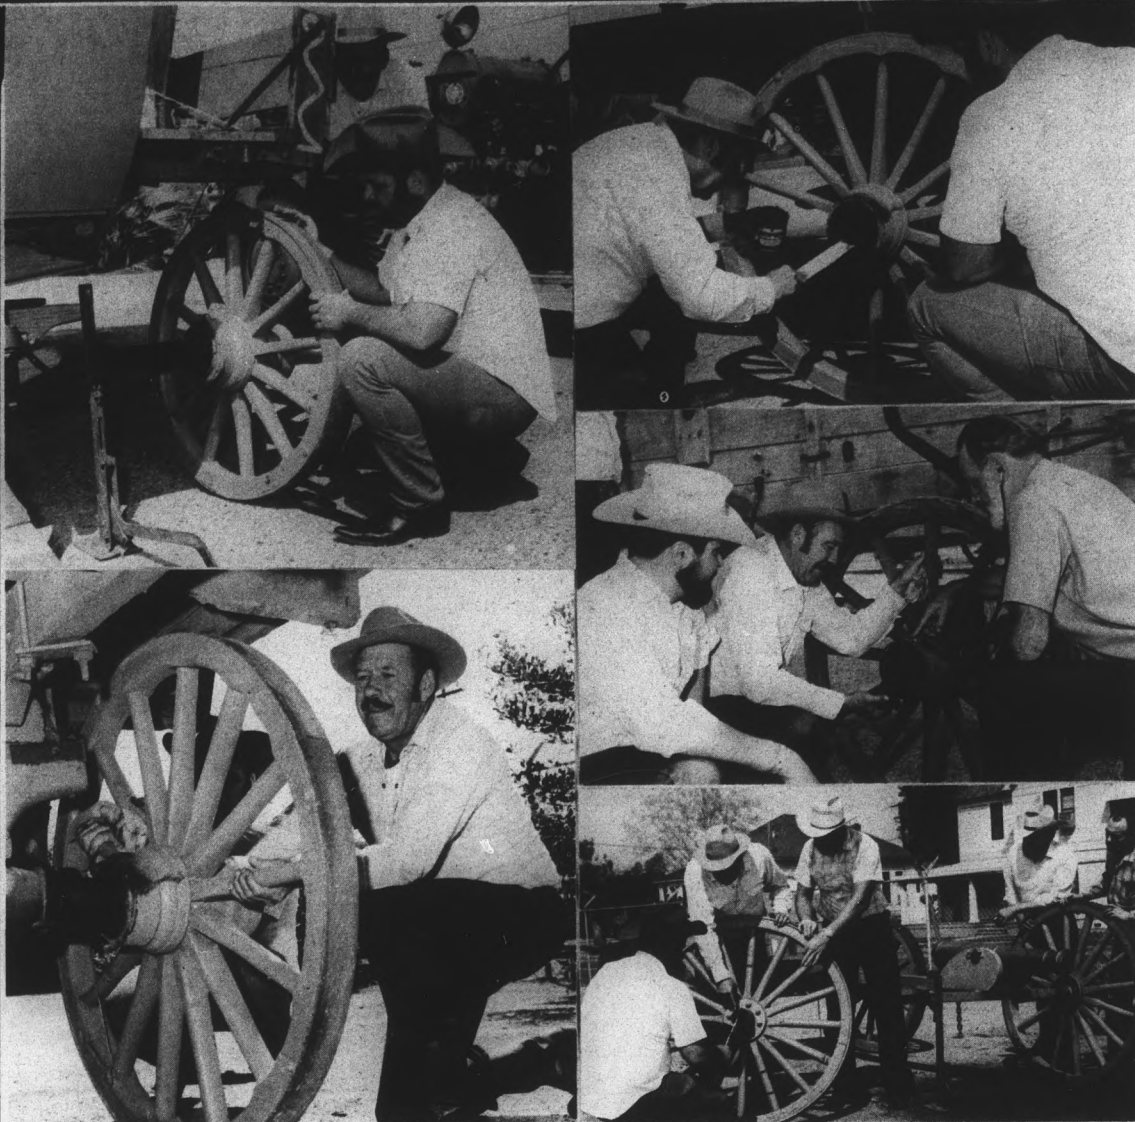

(Continued From Page 1)

has no bearing on this choice.

The three new councilmen will join James E. H. Hanson, now vice mayor, and Dr. Richard Spencer, hold-over members of the present council, to form the new council.

Retiring from the council are Mac Williams and Bill Benson, who did not seek reelection.

Proposed amendment to the city charter, voted on Tuesday, that would have made it possible for city councilmen to give themselves a \$150 per month salary, was voted down, 1,244 to 440.

READY FOR the trail is Jackass Mail equipment, what with a public greasing ceremony, Sunday, at the Porterville museum. Tom Masonheimer, Big

John Hall, Ronnie Peyron, Doc Small, Red Cantrell and B.J. Ladd were among those present, all of them hard-working frontiersmen, and all of them

with different ideas about how to grease a wagon. But the wagons are ready - and the mail will go through. (Farm Tribune photos)

WAGONMASTER

(Continued From Page 1)

Masonheimer, Gene (Doc Small) Duncan, Lyle Attebury, Bill Rodgers, and Chet Griswold.

The Mail will move out from the Porterville City hall, travel south on the old Emigrant trail to Orange avenue, swing east on the old Springville trail, hit the 190 trail at Worth, bear to the right on the River trail, then swing back onto the 190 trail for the triumphant entrance into Springville.

Beef and beans will be served enroute by the Tulare County Cowbelles, with lunch stop on the Pleasant Oak ranch, owned by Gene Maples. Fish fry will be served after the Mail pulls into

Springville at the Soda Spring Inn along the Tule river.

Saddle bums, trail tramps, and lovely ladies are invited to join the Jackass Mail, traveling either by wagon or horseback. No signup is necessary; when the Mail wagon pulls out, folks just drop in behind.

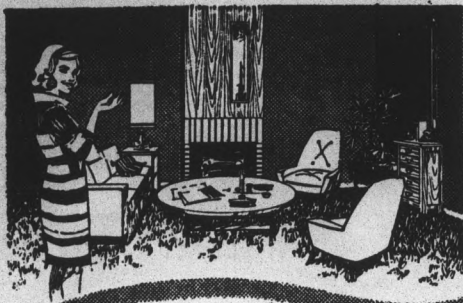

Persons not able to stand the rigors of the trail are invited to travel by horseless carriage to the lunch stop, and to the Soda Spring Inn, and join fearless frontiersmen in a bountiful repast.

Jackass Mail stamps are on sale at various emporiums in Springville and Porterville. Letters carrying the special stamp, plus US postage, and

mailed at the Porterville chamber of commerce office will go by horse-drawn Mail wagon to Springville where they will be placed in the hands of Postmaster Lawrence Unser for regular dispatch to point of address.

Flatland Postmaster Don Baxley says that the Mail will close and the strongbox will be locked at 8 a.m., April 5.

The Jackass Mail run is a preliminary to the Springville-Sierra rodeo that is scheduled for the following weekend, April 12-13. Queen of the rodeo will be announced and crowned the evening of April 5 during a Coronation ball in the Springville Memorial building.
